

The German nation founded under Adolf Hitler, called the Third Reich, had most of its industry intact in 1942, and for most of 1942 Hitler's army and navy were riding the whirlwind of victory for the new world order.

One-world order? What began as a tantalizing bargain for governments and peoples, from the poorest to the wealthiest, blinded by democratic indecisions, ineptitude, turned into global enslavement. Is our future to be a form of dominion by one-world orders?
